

Subject: Geography (Human) Pre-A-level

Know It (Knowledge)	Use It (Application)	Stretch It (Development)
<p>Globalisation:</p> <p>What is a TNC and how does it work?</p> <p>Case study of a Trans-National Corporation (TNC) - <i>eg</i> Coca Cola</p>	<p>Look at where the TNC originated.</p> <p>What countries they have worked in (factories, head office, offices, trade.)</p> <p>What element of the business is in each country <i>eg</i> are R&D, HQ and manufacturing in different countries? Why?</p> <p>How are other countries involved?</p> <p>What products it makes.</p> <p>Company history (buyouts etc.)</p> <p>What are the pros and cons of TNCs?</p>	<p>Investigate a TNC and look at its Code of Conduct – what is it doing to ensure that it is NOT breaching human rights with workers and reducing impact on the environment.</p> <p>Look at the language on the Code...is it clear or ambiguous?</p> <p>What violations can you find online that tell you the Code is NOT being followed?</p>
<p>Deindustrialisation: The Global Shift</p> <p>What is the Global Shift and what is the impact on HICs?</p> <p>The Global Shift of manufacturing from HICs (rich countries) to LICs (poor countries) has had a massive impact on many places in Europe and USA. Thousands have lost their jobs, homes etc and globalisation has been bad news for many</p>	<p><i>Case Study:</i></p> <p>The story of Detroit USA</p> <p>Watch the films Detroit and 8 Mile and research (some links below) how Detroit has changed since the 1930's.</p> <p>Make a factfile report on these changes including:</p> <ul style="list-style-type: none"> • How and why Detroit grew • Why Detroit went into decline (Global Shift) • The impacts the decline has had on society and the economy. <p>Follow Link 1 (below)</p> <p>Follow Link 2 (below)</p> <p>Follow Link 3 (below)</p>	<p>Research a UK city such as Liverpool/ Glasgow and make a case study of how the area went into decline and what social and economic impacts were.</p>
<p>Global groupings:</p> <ul style="list-style-type: none"> • World Trade Organisation • The IMF • The World Bank • G8 • G20 • OECD • OPEC 	<p>Research the following Inter Government Organisations- make some brief notes so you have an idea what they are, which countries they involve how they work, and who they benefit etc.</p>	<p>Try to think why few African countries are members and what impact this will have on their lack of development.</p>

<p>Barriers to Development</p>	<p>Research Malawi and Tanzania- why are they so poor? Think of both physical and human reasons for them being SWITCHED OFF from development.</p> <p>Follow Link 4 (below) Follow Link 5 (below) Follow Link 6 (below)</p>	<p>What has colonialism got to do with this? See what you can find out.</p>
<p>Environmental Impacts of Globalisation</p>	<p>Research how globalisation has caused huge amounts of environmental issues around the world; deforestation; air pollution; water shortage; etc. Research some case studies and make some factsheets on these issues.</p> <p>Follow Link 7 (below) Follow Link 8 (below) Follow Link 9 (below)</p>	<p>What are some of the positive impacts the current Coronavirus lockdown is having in some parts of the world?</p>
<p>Attempts to Control/limit Globalisation</p> <p>There are many groups who are against globalised world for many different reasons; some are against the environmental problems caused; some are against the spread of Americanisation and the erosion of culture in countries and some are opposed to foreigners coming to their countries (far right/ ultra-right groups/Populism).</p>	<p>See what you can find in terms of some of these people/groups who are against globalisation – some are very valid and some less so!!!</p> <p>Follow Link 10 (below) Follow Link 11 (below) Follow Link 12 (below)</p>	<p>The Globalisation of Disease</p> <p>Perhaps the most poignant impact of globalisation can be seen TODAY- the rapid spread of Covid19 around the world in the last few months. Claiming over 2.5 million lives just up to this point (April 2020) It is clear that globalisation has had a huge impact on the spread of this pandemic. Global travel has meant that the virus has reached every continent and caused widespread social and economic issues.</p> <p>Research how globalisation caused this pandemic and see what you can find about how world leaders and environmental groups are calling for hug changes which may well change our world and how we interact with others forever.</p> <p>Follow Link 17 (below) Follow Link 18 (below) Follow Link 19 (below)</p>

<p>Ethics and Sustainability</p> <p>There are many who see globalisation as nothing more than exploitation of the poor and the environment and now more than ever there is a backlash against globalisation. Think Greta Thunberg!</p>	<p>Research some of the following organisations and how they promote a less globalised world and more sustainability in all aspects of how we live.</p> <ul style="list-style-type: none">• Fairtrade• Transition towns• Ethical shopping• Recycling schemes• Reduction of carbon footprints <p>Follow Link 13 (below) Follow Link 14 (below) Follow Link 15 (below) Follow Link 16 (below)</p>
