

SUPER-CURRICULAR ACTIVITIES

DESIGN & TECHNOLOGY Year 7

 Visit the Design Museum website. Research the Arts and Crafts movement. Make a creative double page with information and drawings of the products that most interest you.	 Design an A4 wallpaper sample based on William Morris. Think about scale, repeat patterns, colour and typical subject matter.	 Visit the design and technology section in BBC bitesize website and watch the three clips in Resistant materials. Write an A4 page summarising the three sections. Follow Link 1 (below)
 Visit the website given below. Create two A4 research pages including information on Stephen Jones. Follow Link 2 (below)	 Divide an A4 page into four and design four hats inspired by Stephen Jones, Dior and the V& A Museum hats collection. Fully render with coloured pencils and annotate all details.	 Research Claes Oldenburg and 'PopArt'. Divide an A4 page into four. Design four soft cushions for a teenager based on a food such as a giant strawberry or ice-cream. Be creative and fully render with coloured pencils. Annotate details.
 Make a picture mood board about 'Art Deco'. Who are some of the well-known designers? What are the main concepts? Include a short paragraph about these.	 Imagine a world without technology. Write a paragraph with your opinions on the pro and cons of 'smart phones'.	 Find four fashion products made in the UK. Write a paragraph on the benefits of manufacturing fashion in the UK.
 Find four different woodwork joints. Draw each in pencil and annotate.	 Draw and write improvements for food packaging such as tins of baked beans or mini cereal boxes. Your challenge is to make it appealing to the teenager target market.	 Find three different seams. Draw in pencil, annotate and explain their uses. Explain where on a garment they are used.
 Research 'Lego' and explain why you think they are a successful company and product.	 Research the brand 'Benefit'. Who is their target market? Make an A4 customer profile of the typical customer including age, hobbies and lifestyle.	 Create two drawings of any chair or stool in your home using oblique and isometric views.
