

## SUPER-CURRICULAR ACTIVITIES

### MUSIC Year 7

 Create a musical instrument. Use recycled items to create something playable! If you are able to, take a photo and stick into your book.	 Write an instruction sheet to teach other people how to play the instrument you created. This should be in your music book.	 Watch an orchestra playing on YouTube. Note the name of the orchestra, the composer and the piece they are playing. Can you name all the different instruments? This should be completed in your book.
 Research Indonesian Gamelan instruments. Find out their names and draw/print pictures of them to stick into your book.	 Listen to different music. Ask someone you know to recommend a piece of music or song that they love (but would not be your usual choice.) Ask them why they love it and try to identify the musical elements they relate to. Make notes in your exercise book.	 Take a virtual trip to the West End or a local concert venue. Many theatres and performers are now streaming amazing live performances online, for free! You do not need to leave your home in order to hear world-class performances, so make the most of this once in a lifetime opportunity!
